

Therapy Workgroup Open Meeting - Minutes
April 7, 2008

The Medicaid Workgroup met today for the following reasons:

1. To meet with the new company that will begin doing the Medicaid quarterly retrospective reviews. Q Source won the bid process and will begin service provision on 7/1/08. AFMC will no longer do therapy audits after this date. Q Source is a TN based company but will be establishing an office in LR in the next month. Nancy Archer, RN will serve as the Executive Director. All AFMC reviews will be completed by 6/30/08 to close out their files. No significant changes will occur in this review process.
2. There will be an Open Therapy Meeting with Q Source present on 5/14/08 from 10am-12pm at the Blue Flame Room in Little Rock (where it has been held for the past several meetings).
3. There will be no Retrospective Review pulled for the quarter ending 3/31/08. We would normally be receiving those review requests this week, but there will not be one due to the changeover to Q Source!
